Claims 1-6, 8-14, and 16-21 are herein deemed allowable over the prior art of record, the reasons for allowance are as follows:

In regards to claim 1 the prior art of record does not disclose nor fairly suggest the particular combination of limitations of claim 1 comprising a display unit; a designation unit which a user operates to manipulate a display on said display unit so as to designate an arbitrary point on the predetermined data displayed on said display unit; wherein said control unit controls the start of an image taking operation to take an image in response to designation of the arbitrary point by said designation unit, and the generation of link information linking the image taken in the image-taking operation to the arbitrary point designated by said designation unit. See Examiners discussion of the most relevant prior art on page 2 of the Final Office Action mailed June 3, 2004.

Claims 2-6 and 8-10.

In regards to claim 11 the reasons for allowance are substantially similar to that of claim 1.

Claims 12-14 and 16-21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
